Luigi Negrelli - Forcellini Technical Institute

📅 Sept 2016 📍 Feltre — Italy

STRENGTHS

Creative Visionary Technical Expert
Rapid Prototyper Detail - Oriented
Problem Solver Flexible & Adaptable
Teamwork Positive attitude

PERSONAL PROJECTS

Al Passo Coi Tempi

Director / DOP

📅 March 2023 - June 2023

A short film depicting the unique adventure of a cowboy transported to modern-day Alessandria, Italy. Through an ironic and reflective journey, the film delves into the contrast between the cowboy's folk heritage and contemporary society's indifference, questioning individualism and environmental impact. With an almost carnivalesque style, the protagonist challenges social norms, reflecting on the similarities between nomadic life and social media obsession.

Plant - E

Android Developer / UX

📅 February 2022 - September 2022

I collaborated on an IoT prototype project that transformed a simple flower vase into a SMART device, developing an Android app that enables remote monitoring and control of plant conditions—temperature, water, humidity, light, etc. The app allows for manual interventions or automatic adjustments through a calendar, tailored to each plant's needs based on its category, ensuring optimal care.

Col Del Balt

Web Developer / Content Creator

📅 Dicembre 2022 - March 2023

Developed a comprehensive digital identity for "Col Del Balt," a prestigious Prosecco winery in Valdobbiadene. Starting from a draft, I crafted the winery's new website using WordPress and produced all multimedia content—videos and photos—currently featured online, enhancing their digital presence and storytelling.

Pyramiden 2801

Game Designer / Game Developer

📅 January 2022 - March 2022

Pyramiden was a small town in the Svalbard islands founded by Swedish miners in 1910. But at the end of the 90s an airplane crashed into the city, bringing Pyramiden to their knees. By 1998 every residents had left the city which became a ghost town; but somebody didn't give up: Casper, the old wiseman who has left his legacy in Pyramiden. He hid the key to rianimate the city in the arcade room. It's time to bring Pyramiden back to life.

Wind Of Change

Game Developer / Creator

📅 January 2021 - March 2021

"Wind of Change" is a serious game designed to teach children about environmental sustainability through the story of Eerf, a seagull committed to changing human attitudes towards the Earth. The demo introduces players to Eerf's mission in an engaging and educational format.
